NICOLAS ABOU CHAAR

Founder

- 2008** Founded Phoenus after selling a patent to a German automotive group.
- 2010-12** Led wheelchair production at Arcenciel, Lebanon (part-time)
- 2013-14** Launched wooden-frame house activity for Indevco Group.
- 2016** Finalist in the Lebanese Brilliant Awards by BLC Bank.
- TODAY** Serves 30+ business clients.

Background: Mechanical & Industrial Engineer (AUB & Imperial College - London).

Experience: 12 years of high-level automotive experience gained within the world's most demanding suppliers in France, Germany, and the UK. This international background ensures that every vehicle we produce is built with European-grade precision and engineering logic.

OUR JOURNEY: THE PHOENUS TIMELINE

2009

THE FOUNDATION

Began manufacturing premium children's tricycles.

2017

EXPANSION

Launch of 4 Balance Bike models.

2019

ACTIVE PLAY

Diversification into innovative Playground equipment.

2021

THE PIVOT POINT

Official Certification: homologation under the european EN71 Toys Safety Norm.
Expansion into electrically assisted Adult Tricycles.

2024

THE ELECTRIC ERA

Development of the first light-weight Electric Vehicles (EV).

2025

SPECIALISED ELECTRIC VEHICLES

Delivery of a low-speed recreational electric train to a resort in Senegal

JAN 2026

FIRST BATCH OF ELECTRIC VEHICLES

Launch of the **Sekem** pre-series light-weight electric vehicle.

SAFETY & DURABILITY COMMITMENT

CORE MATERIALS & PRECISION

Premium Birch Plywood: PEFC-certified, sustainably sourced. Utilized in thicknesses from 4mm to 21mm. The 4mm thickness is precision-engineered specifically for ergonomic seating.

Renewable Stainless Steel (Inox): A lifetime material. Unlike painted surfaces, Inox can be polished to remove scratches, returning it to a "brand new" state regardless of age.

FINISHES & ADHESIVES

European Quality: Finishes and adhesives are imported exclusively from Europe to ensure 100% compliance with rigorous safety standards.

EN71 Compliance: We prioritize safety over everything. All materials exceed the EN71 Toys Safety Norm for non-toxic and child-safe use.

GUARANTEE

Minimum 3 years guarantee on all products.

PRODUCT FEATURES: THE "SCHOOL-PROOF" TIRE

For high-traffic environments like schools, we offer Zero-Downtime solutions. Swap standard inflatable air tires for Solid Polyurethane "Un-poppable" Tires. Completely puncture-proof and maintenance-free.

TOOT MICRO-EV

REF: TOOT EV-TT | CATEGORY: ELECTRIC | 3 YEARS GUARANTEE

A modular, repairable urban mobility solution built with a stainless steel frame and sustainable sodium-ion battery technology.

PERFORMANCE & POWERTRAIN

- Range: 40 – 60 km
- Top Speed: 25 km/h
- Battery: Sodium-ion (98% recyclable)
- Braking: Hydraulic + Mechanical hand brake

FIT & CAPACITY

- License: AM License (14–16+)
- Seating: Adjustable ergonomic seat
- Use Case: Everyday Mobility | Last-mile Transport | Tourism | Urban Logistics
- Op. Cost: \$0 – 2 / 100 km

CONSTRUCTION & MATERIALS

- Frame: Stainless Steel (SS 304)
- Body: PEFC Birch Plywood
- Sustainability: No dedicated molds required

FEATURES & LOGISTICS

- Weather: Optional protection shell
- Benefits: Eco-Friendly | Fire-Resistant Battery | Repairable | Low Cost
- Logistics: N/A

PLAYGROUND STRUCTURES

CAROUSELS, SWING, BRIDGES, SEESAW, CLIMBING STRUCTURE

OCTOPUS PEDAL CAROUSEL

REF: OTS-J/OTS-A | CATEGORY: PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

A collaborative play experience for up to 6 riders. High-precision engineering with very low pedalling effort for maximum engagement.

DIMENSIONS & CAPACITY

- Diameter: 2.8 m
- Capacity: Up to 6 users
- Junior version: 5 – 12 years
- Adult version: 12 – 77 years

MATERIALS & BUILD

- Structure: Powder-coated Steel
- Seats: Weather-resistant Polycarbonate
- Bearings: Heavy-duty Central Ball Bearings
- Padding: High-density Foam
- Process: High-precision CNC

FEATURES & OPTIONS

- Drive System: Freewheel Pedalling
- Grounding: Central Interface
- Challenge: N/A
- Property: N/A
- Safety: N/A
- Options:
 - Junior version: DC Electricity Generator 2A +USD 700
 - Adult version: DC Electricity Generator 3A +USD 900
- Maintenance: Low-maintenance design

SWING

REF: SWG | CATEGORY: PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

Robust, high-structure swing engineered for safety and durability in demanding outdoor environments. High-precision CNC manufacturing.

DIMENSIONS & CAPACITY

- Structure Height: 2.9 m
- Footprint: 3.3 m (W) × 3.1 m (L)
- Age Range: 5+ years
- Capacity: N/A

MATERIALS & BUILD

- Wood: Pine / Thermowood
- Finish: Natural Linseed Protective Oil
- Hardware: Stainless Steel Interfaces
- Process: High-precision CNC

FEATURES & OPTIONS

- Grounding: 4 Stainless Steel/Concrete Interfaces
- Challenge: N/A
- Property: N/A
- Safety: N/A
- Options: N/A
- Maintenance: Low-maintenance design

RETAIL PRICE
USD 1,990

MONKEY BRIDGE

REF: MB | CATEGORY: PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

Adventure-focused balancing challenge designed to develop motor skills and confidence. Features a 4m adventure path for young explorers.

DIMENSIONS & CAPACITY

- Adventure Path: 4.0 m
- Full Size: 4.0m (L) × 1.0m (W) × 2.1m (H)
- Age Range: 4+ years
- Capacity: N/A

MATERIALS & BUILD

- Wood: Pine / Optional Thermowood
- Finish: Natural Linseed Protective Oil
- Hardware: Stainless Steel Interfaces
- Process: High-precision CNC

FEATURES & OPTIONS

- Grounding: 4 Sainless Steel/Concrete Interfaces
- Challenge: Rope-Balancing
- Property: Weather-Resistant
- Safety: N/A
- Options: N/A
- Maintenance: Low-maintenance design

RETAIL PRICE
USD 1,890

LADDER

REF: LDR | CATEGORY: PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

A robust playground ladder structure engineered for durability and safety. Features high-precision CNC manufacturing and premium materials for long-lasting outdoor use.

DIMENSIONS & CAPACITY

Dimensions: L 4.0 m x W 1.0 m x H 1.85 m
Ladder Tubes: Stainless Steel (32 mm)
Age Range: N/A
Capacity: N/A

MATERIALS & BUILD

Frame Material: Pine Wood (Optional Thermowood)
Finish: Natural Linseed Protective Oil
Hardware: Stainless Steel
Process: High-precision CNC

FEATURES & OPTIONS

Grounding: 2 SS/Concrete Interfaces
Challenge: N/A
Property: N/A
Safety: N/A
Options: N/A
Maintenance: Low-maintenance design

RETAIL PRICE
USD 2,190

SEESAW

REF: SSW | CATEGORY: PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

A robust playground seesaw engineered for durability and safety. Features high-precision CNC manufacturing and premium materials for long-lasting outdoor use.

DIMENSIONS & CAPACITY

Dimensions: L 3.0 m x W 0.45 m x H 0.55 m

Capacity: Up to 4 Users

Age Range: N/A

Load Rating: N/A

MATERIALS & BUILD

Frame Material: Pine Wood (Optional Thermowood)

Finish: Natural Linseed Protective Oil

Hardware: Stainless Steel

Process: High-precision CNC

FEATURES & OPTIONS

Grounding: 1 Central Stainless Steel/Concrete Interface

Challenge: N/A

Property: N/A

Safety: N/A

Options: N/A

RETAIL PRICE

USD 1,490

CLIMBING DOME

REF: CD | CATEGORY: DOME/PLAYGROUND STRUCTURE | 5 YEARS GUARANTEE

A robust climbing structure and camping dome engineered for safety and durability. Features a massive 2-ton load capacity and high-precision laser-cut components.

DIMENSIONS & CAPACITY

- Diameter: 3.3 m
- Max Load: 2 Tons
- Age Range: 4 – 12 years
- Sizes: Other sizes available

MATERIALS & BUILD

- Panels: 27mm 3-ply PEFC Laminated Wood (E1)
- Connectors: Laser-cut Stainless Steel
- Protection: D4 Glue / PU Wood Protection
- Base: Laser-cut Steel (Epoxy Paint)

FEATURES & OPTIONS

- Grounding: N/A
- Challenge: Climbing Structure
- Property: N/A
- Safety: N/A
- Options: Camping Dome conversion
- Maintenance: Low-maintenance design

RETAIL PRICE
USD 3,490

DOMESTRUCTURES

WINTER GARDENS, PERGOLA

IGLUS

REF: PD-F2 | CATEGORY: DOME STRUCTURE | 5 YEARS GUARANTEE

A high-precision dome structure designed for winter gardens. Features innovative wooden plywood connectors and a dismountable design for easy storage.

DIMENSIONS

Diameter: 5 m
Height: 2.5 m
Sizes: Various sizes available

MATERIALS & BUILD

Arms: N/A
Connectors: High-precision Plywood
Base: Laser-cut Steel (Epoxy Paint)
Hardware: N/A
